

Dear Parent/Guardian,

I wanted to update you on how we are managing the coronavirus pandemic and keep you informed about the situation at the school. I also wanted to reassure you that we are being very proactive in supporting our pupils and their specific needs.

Almost all the children in Outcomes First Group schools (Acorn / Hillcrest & Options) are vulnerable in some way and we are following Government guidelines to keep our schools open as we are regarded as an essential service.

We will endeavour to continue teaching pupils in the normal manner over the coming weeks, however, we may need to make daily adjustments to some of our curriculum routines to accommodate our available staff levels, but we can assure you we will try to minimise the impact on your child's learning.

For our parent community, we are very aware that some of you are classified as key workers and if you are, we would encourage you to contact us direct and let us know. With this in order we may plan to potentially keep part of the school open during the Easter break to support you in your essential role. Please email admin@belmont-school.co.uk or call 01706 221043 (Option 1).

Please do not hesitate to contact me if you have any concerns or questions about your child.

Yours sincerely

Dean Rainford

Family Support and Deputy Safeguarding Lead
